Boosting Smart Education and Research through 5G Technology

What are our goals?

- ✓ **Enhancing Student Engagement**
Creating interactive and immersive learning environments fully aligned with NTUA's curriculum.
- ✓ **Hands-on 5G Training & Advanced Technologies**
Providing students with practical experience in 5G networks, CCAM applications, and digital infrastructure.
- ✓ **Driving Innovation with Open-Source Tools**
Promoting collaborative research and innovation using state-of-the-art open-source technologies.
- ✓ **Creating a Connected Digital Ecosystem**
Expanding access to next-generation educational resources, bridging academia, research, and industry.
